

- 1 Install steel studs spacing not more than 40 cm. apart and lay down the insect protection net.

- 2 Fasten *SHERA* Strip to steel studs with screw at the middle from long-side edges.

- 3 Caulk at all end joints and over the screw heads.
Apply touch-up paint over the screw head.

Handling & storage

SHERA products should be handled and stacked carefully to avoid damages to their edges and corners.

The maximum height of stack is 1 meter with timber bearers supported at every 50 cm.

SHERA products should be stacked on dry and leveled ground.

It is recommended to store *SHERA* under shade to prevent damages that could occur to the product in case of prolonged exposure to high humidity environment prior to installation.

During a transfer, *SHERA* products should be handled at 50 cm. from both ends.

The product should be lifted such that its side is parallel to the floor.

Avoid installing *SHERA* product under wet condition to reduce chance of cracking.
